### **3rd workshop of the Arbeitskreis Sportökonomie e.V. for young academics in the field of sport management from 6 to 7 May 2010**

The Arbeitskreis Sportökonomie e.V. in cooperation with the Sports Science Institute of Saarland University invites you to attend the 3rd workshop of the Arbeitskreis Sportökonomie for young academics in the field of sport management in Saarbrücken. The conference will take place immediately before the 14th Annual Convention of the Arbeitskreis Sportökonomie e.V. from the afternoon of 6 May to the morning of 7 May in the rooms of the Hermann Neuberger Sportschule in Saarbrücken.

The workshop addresses young academics from the fields of business administration, economics and sports science as well as from other academic sub-disciplines engaged in scientific work in the field of sport management. The workshop will focus on the presentation and discussion of research work. It will also present an opportunity for an exchange on a variety of sport management topics, as well as on professional and career-related problems and experience.

The workshop will be accompanied by competent and experienced sport management experts. The workshop organisers and the board of the Arbeitskreis Sportökonomie look forward to welcoming you to Saarbrücken.

#### **PROGRAMME**

The planned programme for the young academics workshop – depending on the number of participants – is as follows:

## REGISTRATION

Interested young academics and motivated tutors can register without formalities with Dr Markus Kurscheidt ([markus.kurscheidt@rub.de](mailto:markus.kurscheidt@rub.de)). To assist with preparation, participants are asked to submit an outline of their planned or already initiated project (maximum three pages) by 31 March 2010.

It is important to note that the presentations at the young academics workshop should not be purely scientific lectures. The aim is to present and discuss the concept of the research project. Of course it will also be possible to discuss detailed questions or methodological/formal problems. The tutors will also be happy to offer organisational advice and the benefit of their own experience.
